8x MultiDrive DVD Reader/Writer

2 YEAR WARRANTY

The Buffalo Portable MultiDrive DVD is a DVD Reader/Writer which supports DVD±RW, RAM and CD formats. Designed as a portable solution for the laptop and netbook users who travel frequently, the lightweight, compact and slim design means it easily fits comfortably into any travel bag.

Powered by the USB port, and with integrated USB cables, an AC adapter is not required, so when travelling there are less cables to carry.

The DVD drives comes complete with Cyberlink Software which lets you write content to CD-Rs and DVDs, making it the perfect solution for anyone on the move.

The blue LED light indicates that the DVD drive is ready for use. The red LED light shows that the DVD drives power supply is low. To increase power the second USB cable needs to be connected to your computer to provide additional power to the DVD drive.

With this DVD drive, you can watch DVDs or burn data to CDs/DVDs for backup anytime & anywhere.

- **USB Bus Powered - No additional power supply required**
- **Integrated USB Cables - USB cables snap to the chassis for easy mobility**
- **LED Power Indicator - LEDs indicate power supply stability**
- **Includes CyberLink Software for writing data content to CD-Rs and DVDs**
